AUSTRIAN DESIGN UPDATE

16 September – 2 October 2016

Designers always seek to devise something new, something that has not existed before. With products created out of this motivation, they often explore new paths and venture unprecedented approaches: in this endeavour, courageous and innovative clients and investors also play an important role, for only if they dare to embrace new products, concepts, production technologies, or business models, innovative design becomes possible. The show »Austrian Design Update«, shows pioneering products from Austria, highlights new approaches and developments in the Austrian design scene.

Opening: 15 September 2016, 5 pm

Ilona Gurjanova, EDL - Estonian Association of Designers

Cornelia Godfrey, Austrian Embassy Tallinn

Dr. Herwig Palfinger, Austrian Economic Chamber

Prof. Severin Filek, designaustria

Gallery for Architecture and Design
